JEDDAH PRIVATE SCHOOLS

Jeddah Private Schools (JPS) has a long standing history of excellence within the city of Jeddah. JPS opened its doors in 1980 for Kindergarten through Grade 4 Girls. The Boys' school followed in 1981 with Grades 1 through 4. Currently, JPS has a purpose built facility serving students from Kindergarten (age 3) up through Grade 12 in the Girls' School and from Grades 4 through 10 in the Boys' school. JPS is committed to serving the Jeddah community by providing a family-oriented educational environment through a holistic instructional program that meets the needs of the individual student.

A JPS education is one that inspires excellence in academics, athletics and the fine arts. The school stays current by providing excellent technological support for its faculty, a superior international English curriculum and the best of the Saudi curriculum. Art rooms, a full multi-purpose gymnasium/theatre, play areas, and much more encourage students to develop skills necessary to lead fruitful and balanced lives. The exceptional faculty at JPS come from the US, Canada, and other key Middle Eastern countries and are hired to provide a rich curriculum that stimulates learning.

At JPS, Everyone is **CELEBRATED**; Everyone is **CONNECTED**; Everyone is **CHALLENGED**. The promotion of family values, self-worth, citizenship, honor, and moral integrity that aligns with Saudi cultural values and norms is central to the purpose of JPS. We maintain a traditional, yet progressive spirit that is inspired by the potential of its distinguished students.
